NOTICE OF ABORIGINAL TITLE

for

DAIYA-MATTESS KEYOH

We are including a map of our Aboriginal Title territory. This is our ancestral Keyoh territory to which my family are Dakelh people and are vested with both Aboriginal Title and Rights. Our Aboriginal Title vests over the totality of this territory.

As the holder of Aboriginal title to this territory, my family maintain the jurisdiction and decision-making capacity concerning the use of all lands, waters, airspace and resources within this area. Our relationship to our Aboriginal Title territory is vital to who we are as a peoples, and is constitutionally protected under Section 35 of the *Constitution Act, 1982*

The Supreme Court of Canada in *Delgamuukw* stated that Aboriginal title is an interest in the land itself, and that Crown Title is subject to Aboriginal title. Please be advised that any and all use, or authorizations for use of our territories and resources, requires our full consent.

The Supreme Court in *Delgamuukw* has stated that there is a requirement on the part of the Crown to give Aboriginal Title a priority, over and above the duty to consult and the requirement that there be compensation for any infringement of title.

Having received this and our other notices of Aboriginal Title and rights to our territory, we trust that you will uphold your legal fiduciary obligations and the honour of the Crown by ensuring that we are meaningfully involved in all applications being considered, and that no land, water or resource development activities are approved without our full consent.
